

I'm sitting here, feeling sad  
What happened to all the laughs we had  
I'm trying to turn back to time  
When I was yours and you were mine  
These feelings are hard to find  
As I'm watching the day go by

[Chris Travis:]

We can go wherever baby, just know that I got it  
When you wanna get wild, just come to the lobby  
Six in the morning and I'm just gettin' started  
Burnin' plants in my lungs, got to water the garden  
I don't mean to be rude but baby girl I'm sorry  
I don't want to fuck you girl, I'd rather play Atari  
Try to start my own wave, but I made a tsunami  
Would you rather be with me, shawty, just be honest  
We could get rich together and share our money  
Checks comin' in, bitch, by the fuckin' abundance  
SmartWater drinkin', nigga, you can have your Dasani  
Bitch walkin' right beside me, lookin' just like Ashanti

[Bones & Chris Travis:]

I don't know where you are  
I just hope you're safe and sound  
I'm just gettin' money, please don't mind me  
Hidden' in my layers where nobody can find me  
I don't know where you are  
I just hope you're safe and sound  
I'm just gettin' money, please don't mind me  
Hidden' in my layers where nobody can find me
