

# Get High

Chris Travis

Lemme take my dick out, insert it in her mouth  
Lemme take my dick out, insert it in her mouth  
This dick. This dick. This shit can bounce  
Lemme take my dick out, insert it in her mouth  
Get High, get high, get high  
Get High, get high, get high

Creepin' on the moon, nigga I ain't got shit left  
'Bout to hit this fuckin' stain and take some big steps  
Never been a sucka. Busta niggas wanna talk shit  
Till I poke they eye out with some mothafuckin' chopsticks

Back up in this bitch, nigga I ain't never been gone  
Bitch you lookin' scared then you need to take yo ass home  
Demons in these streets and the night is where they fuckin' roam  
Watch yo fuckin' back and protect the ones that you love

Ain't no bitch up in my blood, ho I won't be holding back  
Smack a bitch, bend her ass over hit it from the back  
Roll a blunt, smoke a blunt  
I'm just chillin, so relaxed  
Till I have to uppercut a nigga and turn into Jax!  
Bitch!

Lemme take my dick out, insert it in her mouth  
Lemme take my dick out, insert it in her mouth  
This dick. This dick. This shit can bounce  
Lemme take my dick out, insert it in her mouth  
Get High, get high, get high  
Get High, get high, get high

I need that fire so I can get high  
That sticky icky kush that give me a red eye  
You know it's me never will tell you lies  
I smoke about 5 grams y'all smokin that.5

Killas and fuckin' dealers all around; Bitch survive  
As the world turns ima keep burnin' that fire  
Fuck the police they can't catch me in the sky  
Evil spirits that dwell and they try to creep at night

Killin' them bad fuckas. Send 'em off to the underground  
An drop they bodies in the pit and laugh as I walk around  
Never let a bitch nigga dwell in my side of town  
If he make it through or if he don't we huntin' him down, BITCH!

Lemme take my dick out, insert it in her mouth  
Lemme take my dick out, insert it in her mouth  
This dick. This dick. This shit can bounce  
Lemme take my dick out, insert it in her mouth  
Get High, get high, get high  
Get High, get high, get high
