

Go Psych!

Chris Travis

Aye, off of the drugs like I'm stuck in the 80s
Fuckin' that bitch and you know I go crazy
Can't hit raw you cannot have my babies
Chris fuckin' Travis lil nigga been wavy
Miss my old bitch cause her name was Mercedes
Start me a family like we be the Bradys
Raised by some killers drug dealers can't play me
Come with the venom get pushed up the daises

Ain't with the members get suited like Masons
Ride with the choppers and yoppers move safely
Rapping bout hoes but you never gon' make it
Foot on they neck, give a fuck I'mma take it
I left the bitch cause she knew she was basic
Cannot compare cause you know gotta face it
Pull up to FLA link with them Haitians
I got some secrets make sure that they sacred
Bitch keep a Glock and she don't gotta mace it
New out to Europe my fashion the latest
Pussy ass nigga dick ride cause he lazy
Hop in my car and that shit be the latest
They follow me cause they know I'm the greatest
Death to these snitches and rappers and racists
He talk hella shit in the house, he the safest
Changed up the flow and went back to the basics
Switched up my hoe now she looked at me crazy
Shout out to Razy you know that he made it
Bitch threw a fit and you know that she played it
These niggas cheap and they got hella Asics
I'm not the two, I'm the one so just face it
Look at the check and I smile, what a statement
Looked at my neck and you made, why the hatred

You made why the hatred
Look at my neck and you made why the hatred
Pussy ass - I'm in this bitch with my meds
Go psych, go psych, go psych

Off of the drugs like I'm stuck in the 80s
