

Gotta Get It

Chris Travis

I never take shit for granted
So you might, won't understand it
They say "Good luck doing damage"
I just wanna live very lavish
In a 5 story, big mansion
Take care, all I do is see my family
I like to live in a fantasy
While you live in your reality
I be on the road trying to make the C.R.E.A.M
Can't take the C.R.E.A.M
Cause I seen some things
Back when a nigga use to be broke
Had to sell shoes, just to go an get clothes
Now I'm in the venue, where we selling out shows
We in this thing, and I'm buying out O's
I just hope they last so long
Is you gonna wait?
If you do, so long
Backwood guts residue in my home
Shawty kno kush, dat be my cologne
In rotation by myself, like a cyclone
Paypal moving like a damn trap phone
Oooh, she wanna get a hit of this blunt
Can't give you none, if you don't get it up
Oooh, she wanna get a hit of these bucks
Can't give you none, if you can't get it up, bitch

Bills coming in a minute, you know I gotta get it
Bands coming in to, bitch ride with it
Waterboyz is the boss, bitch, come and get it
I remain by the ho, rent a whole damn city

Bills coming in a minute, you know I gotta get it
Bands coming in to, bitch ride with it
Waterboyz is the boss, bitch, come and get it
I remain by the ho, rent a whole damn city

Run game while you lame nigga's fuck with me
Run game while your bitch take a buck fifty
Been changed since a nigga had a buck fifty
Get money, small circles don't trust bitches
I'm the nigga that supply the most
Ride to deep, trail behind the smoke
Tryna get money, on my way back home
Tryna get my nigga's on the shit I'm on
But I'm just waiting
I'm focused impatient and cautious
Lil nigga tryna come in my fortress
But his ass get burned like some fucking horses, bitch

Bills coming in a minute, you know I gotta get it
Bands coming in to, bitch ride with it
Waterboyz is the boss, bitch, come and get it
I remain by the ho, rent a whole damn city

Bills coming in a minute, you know I gotta get it
Bands coming in to, bitch ride with it

Waterboyz is the boss, bitch, come and get it
I remain by the ho, rent a whole damn city

Run game while you lame nigga's fuck with me
Run game while your bitch take a buck fifty
