

HYPNOTIZE

Chris Travis

Drop it off your ass fool
Don't make a stupid move

Don't take his life, it's in my mind
Don't take his life, it's in my mind
Coming motherfucker with that fucking hypnotize
Shit that make you paranoid on the inside
Riding blacked out in that fucking black ride
Real trill niggas that commit homicide
Blowing on this kush, I think it's coma time
And the aroma of the loud smells like lemon-lime
Drop it off I need every dime
Yeah I'm addicted with every line
Blow some time, smoke some trees
Marijuana's all I need, and these motherfucking beats
I do as I fucking please
Bad bitch get up on her knees, she sucking on my fucking steeze
Bag a bitch quick, ride on my dick
Don't give a fuck and I don't give a shit
Ridin' and bumpin' Triple 6, bitch I need the fucking dividends
Ride out and smoke out, bitch I'm bout that trilla shit
Ridin and smoking looking wavy with a rello bitch, bitch
Drop the motherfucking beat

Drop it off your ass fool
Don't make a stupid move

Drop it off your ass fool
Don't make a stupid move
