

It's Nothin (Freestyle)

Chris Travis

Thinking 'bout money, pussy never on my mind
Bitch I would fuck but I ain't even got no time
Get your ass stomped if you ever cross that line
Bitch I'm the man but I ain't a Gemini
Put a sharp blade right between yo' fucking eyes
If you bust a move I'm cut through yo' spine
Freestyle king, bitch I'm back with the shits
Smoked a couple blunts, now I feel like I'm prince
Bitches want sex from my million dollar dick
Fuck Chris Travis, that's a million dollar wish
Goddamn nigga I'm a shark in the sea
And you pussy ass niggas ain't nothing but coral reef
Girls get wet every time a nigga speak
If you ain't talking money nigga don't even speak
If a nigga disrespect, he'll be dead in a week
Eat a rap nigga up, whip the blood off my teeth
Bitch I'm Michael Jordan, I'm the star of my team
I'mma make sure we good, all my niggas gon' eat
Kill a nigga, be dead, let it rest in peace
Then do the same thing next motherfuckin' week
Bitch I'm so high, so I probably won't speak
I ain't chasing no pussy bitch, we gon' have to meet
Chris Kenshin Travis ain't nothing to be fucked with
If you get a verse then nigga you are lucky
Got a few hispanics and them niggas be smuggling
Never been a witness, bitch I ain't never saying nothing

Got a bad bitch, but to me she means nothing
No relationships cause to me we just fucking
If I'm not around then bitch I'm getting money
Counting green faces
If it rains, snow, or sunny

Got a bad bitch, but to me she means nothing
No relationships cause to me we just fucking
If I'm not around then bitch I'm getting money
Counting green faces
If it rains, snow, or sunny
