New seal, new seal with a Big Blue

Who ya'll, who ya'll I don't need you  
Like booyah, booyah let the beat boom

And it's on you, you taking out  
Better be on your shit, don't let them take you from your crown  
I'm just making music I ain't worried bout a crowd  
But I pull up and this bitch really sold out  
Louis V I'm Louis'd down  
I ain't worried bout a bitch, I'm single till I'm found  
Get caught up in this lifestyle then you bound to drown  
Bitch I'm up right now  
She hop on it, ride out  
She send me pictures ass out  
She gon get up on it, ride it till we pass out  
Pussy niggas mad now
