

# No Signal

Chris Travis

Call me legendary, leave you in a cemetery  
Backwoods, honeyberry, pretty bitch, Pretty cherry  
Paid boy no secretary, just a walking missionary  
Ya'll niggas ordinary, Water Boyz extraordinary  
I'mma guide you to the place  
When you make it then you safe  
Fuck boys wanna flex, fuck boys get misplaced  
You can catch me in my place  
Shrimp with teriyaki steak  
All I wanna do is eat  
All I wanna do is face  
Twenty blunts to myself  
On repeat, everyday  
On a beach or on a lake  
I just wanna get away  
Ya'll niggas a disgrace  
Make music that go to waste  
I'm so high don't know the date  
So don't ask me what's today  
Water Boyz entertain, Water boys hurricane  
On yo' whole little movement  
Leave you washed up in the rain  
I'm just trynna make some money  
Then, dip off on a plane  
Headed to the next city I just hope ain't no delays  
Car service hit the front, L.V's on my bag  
Still a broke young nigga  
I ain't even trynna brag  
But my debit card rich  
I ain't even gotta sack  
Still get shit that I want  
That I never ever had  
I'm a meance young nigga  
All I know is touch and grab  
I'm a violent young nigga  
All I know is punch and stab  
Ya'll niggas ain't shit  
I'm a shark, you a crab  
You can get with the squad  
Or you can drown like the last (bitch)

Who you bitches fooling  
They know that I do this  
Young Kenshin is ruthless  
This niggas is so stupid  
Don't judge me on my music  
Water Boyz the movement  
The plan is so soothing  
Demand and you losing  
Who you bitches fooling  
They know that I do this  
Young Kenshin is ruthless  
This niggas is so stupid  
Don't judge me on my music  
Water Boyz the movement  
The plan is so soothing  
Demand and you losing
