

Pure Life

Chris Travis

Baby let me know
Baby let me know as I flow
Baby let me know

Baby let me know as I flow like the ocean
Water in my veins flowing down like erosion
They say I'm insane cause the ways I approach shit
Lyrics, hoes, sins
Niggas be like Jesus wrote this
Think I got a lot then I think about the homeless
Think I got a girl but at night I feel lonely
That's when you can catch me in the streets and I'm roaming
I'm looking for no trouble I'm just smoking with my homies
No I'm not a thug but I'll beat you like you owe me
Just a young man tryna own all my own shit
Waterboyz for life
Stay pure, boy that's my shit
Make the whole world drink water that's my plan, bitch
Niggas steady hating cause' they don't understand it
Nigga you is dumb I'm a genius, they can't stand it
Journals in my closet, bitch my words worth your land, bitch
Watch me overcome cause' my intentions is outstanding

Baby let me know as I flow like the ocean
Water in my veins flowing down like erosions
