

# Rage

Chris Travis

Brains in your f\*cking face  
Watch me go insane  
I can't blame  
All you look the same  
Bitch, I leave you drained  
Watch me spray  
I been laying low  
Bout to bring the flame  
Let it rain  
On your f\*cking soul  
You can't get away  
Aye, lil bitch  
Watch me do this shit  
Watch me screw this shit  
Save me from this f\*cking world  
I f\*cking hate this shit  
A-B to the 1-2-3  
C-notes in my jeans  
I'm recruiting (?) from A-Z  
Not a f\*cking agency  
You like bitch  
Bitch, I'm on your street  
f\*ck that come at me  
What I mean  
Nigga, what I mean  
Now watch me clear this scene  
I'm from the sea  
Not a human being  
I make your bitch cream  
She pop a bean  
Then she swallow me  
Until I fall asleep  
Don't give a f\*ck  
Boy, you know what's up  
Came up out, now erupt  
If you buck  
Better play it cool  
Like, I will leave you stuck  
I bet that you run

But I'm on your head  
So now time to (?)  
I'm about my bread  
Now collecting dust  
But tryna hate me, huh?

I'm not alright  
All they see is shine  
They don't see the times  
I could find or protect the (?)  
Can't get caught in time  
I'm not alright  
All they see is shine  
They don't see the times  
I could find or protect the (?)  
Can't get caught in time

Bitch I'm bout to go to London  
f\*ck it up before the summer  
Show em how the f\*ck I'm coming  
Two Russian bitches I'm f\*cking  
Shoutout to my cousin  
Used to trap it out the (?)  
(?)  
I was too dumb for the trauma

Boy, I go crazy, what's up? (Aye)  
I make volcanoes erupt (Aye)  
Pull up in a redneck truck (Aye)  
Bitch got her hair messed up  
You need a hairdresser  
These  
Rap niggas can't beat us (Uh)  
Wrap a nigga up then (?)  
p\*ssy ass keep playing tough (Aye)
