[?] out in Memphis, know what I'm sayin?
See me and my niggas out and then we do this shit, know what I'm sayin?
Bruh, these niggas out here gettin' inspired

Them Towel Boys [?]
All the east [?] this east shit but I'm movin' to LA

See me out
Bitch I do my thing, she know it
Buzzin' out, ain't worried 'bout no fame
I'm focused
This that shit that gets me off the loud
I'm loaded
Comin' up
When I come around, I'm on shit

Hit the red light and she roll up and light
And ain't no telling where we going she just no keep in sight
And it's like six in the evening, let the day go to night
And we just posted in the city to enjoy us some life
And I know what she wanna do when the time becomes right
I make her have an attitude 'cause I said bitch you too nice
You know we livin' in a world full of envy and lies
And I know how to keep a girl full of power and pride

See me out
Bitch I do my thing, she know it
Buzzin' out, ain't worried 'bout no fame
I'm focused
This that shit that gets me off the loud
I'm loaded
Comin' up
When I come around, I'm on shit

See me out
Bitch I do my thing, she know it
Buzzin' out, ain't worried 'bout no fame
I'm focused
This that shit that get me off the loud
I'm loaded
Comin' up
When I come around, I'm on shit
