

Sleepless Nights

Chris Travis

I don't even get that much sleep during the night
Cause I always had these thoughts "everything will be alright"
Everything will be smooth and all will go to plan
How the fuck that suppose to happen if I don't become a man
So I gotta make it happen, somethin' my girl don't understand
So I'mma keep on writing till my bone pop out my hands
They don't really give a fuck 'bout your clothes or your cash
All these rap niggas flexin' while the white man laugh

Take a walk in my house, shoes, ya'll don't even know
My problems and my wallet, fuck it, I will let it go
Make sure I grab my nine, right before I hit the doe
I ain't tryna be friendly with a nigga I don't know
Smokin' weed and thinkin' deep, yeah, I do that for a living
Hope you find something you good at while you young niggas living
They don't wanna see success, they just wanna see you fall
An you thinkin' it's the people, but it's yo' friends after all

I tell 'em "suck my dick", I don't need 'chyo' support
All I need is my brain, and some fucking Newport's

I don't even get that much sleep during the night
Cause I always had these thoughts "everything will be alright"
Everything will be smooth and all will go to plan
How the fuck that suppose to happen if I don't become a man
So I gotta make it happen, somethin' my girl don't understand
So I'mma keep on writing till my bone pop out my hands
They don't don't really give a fuck 'bout your clothes or your cash
All these rap niggas flexin' while the white man laugh

All my niggas trappin', cause they tryna find a way
We rather make a prophet, then and go to school everyday
"My attendance" the same good shit, it ain't even straight
And if I did go to school I came two hours late
But, I could tell you this, I walked my ass across that stage
"Where the fuck! everybody" sorta' smiled on my face
I get the motherfuckin' dollas, and I duplicate the shit
I bet, I make yo' girl holla' when she penetrate my dick

Sleepless ass nights, man, I'm gettin' tired of this shit
I don't know if I'm just stressin', or I'm waitin' on a bitch
Fuck it! Middle fingers to whoever hatin' on me bitch
My girl said she "impatient", I tell her "wait on my dick"
Sorry for my ignorance, as y'all say "that shit is bliss"
Suck my dick, fuck a bitch, and now you niggas fuckin' least, trick
Suck my dick, fuck a bitch, and now you niggas fuckin' licks, bitch
