

Smoking OG

Chris Travis

Smoking up, smoking up on that OG
Drinking up, we drinking it by the OZ
Spending money, I'm getting money, you know me
She give it up, if she don't, I can't proceed

Smoking up, smoking up on that OG
Drinking up, we drinking it by the OZ
Spending money, I'm getting money, you know me
She give it up, if she don't, I can't proceed

Smoking up, smoking up on that OG
Drinking up, we drinking it by the OZ
Spending money, I'm getting money, you know me
She give it up, if she don't, I can't proceed

Smoking up, smoking up, rolling OG
You talking shit, I see you and then it's O-V
See me back, I'm faded, do not approach me
Can I live? I do it, but not to OD
What is up? You fucking? That's what I don't mean
We hit the room, the lights off, it's like "Oh, please"
Give me up, enjoy the times when we smoking
Us forever, together, until we outchea

Smoking up, smoking up on that OG
Drinking up, we drinking it by the OZ
Spending money, I'm getting money, you know me
She give it up, if she don't, I can't proceed

Smoking up, smoking up on that OG
Drinking up, we drinking it by the OZ
Spending money, I'm getting money, you know me
She give it up, if she don't, I can't proceed

Smoking up, smoking up on that OG
Drinking up, we drinking it by the OZ
Spending money, I'm getting money, you know me
She give it up, if she don't, I can't proceed
