

Stuck on the Couch

Chris Travis

Now Ima' fuck all these hoes, Ima' smoke on my weed, I can give
two fucks bout whatchu niggas think
Real nigga in your face, pussy betta not blink
I drink this shit up if it's purple or pink

Now Ima' fuck all these hoes, Ima' smoke on my weed, I can give
two fucks bout whatchu niggas think
Real nigga in your face, pussy betta not blink
I drink this shit up if it's purple or pink

As I slow this in my cup, I gather all of my thoughts
Time moving real fast, I'm moving slower than a sloth
Tell the niggas fuck with me, I'm comin' straight from the South
East side of the M where this real nigga found
If you niggas got ah problem gon' and bring ya ass down
God damn I'm sick and tired of these mothafucken clowns, Ima have
to paint em up since that's what they about
Hide some mothafucken secrets, hide in yo damn house
But ima keep it real, long as you shutcho' mouth
Poppin' pills, gettin' trippy at my grandmothers house
Boy you better keep up, think I kinda slowed you down
Like you want some mixed pills and you po'd up an ounce

Now Ima' fuck all these hoes, Ima' smoke on my weed, I can give
two fucks bout whatchu niggas think
Real nigga in your face, pussy betta not blink
I drink this shit up if it's purple or pink

Now Ima' fuck all these hoes, Ima' smoke on my weed, I can give
two fucks bout whatchu niggas think
Real nigga in your face, pussy betta not blink
I drink this shit up if it's purple or pink
