

## The Veronica Interlude

Chris Travis

Hey Chris, it's Veronica  
You don't know me, but  
You probably saw me hangin' around with Gianni  
I'm really diggin' you  
The whole pizza and codeine thing  
I never indugle but  
I'm totally down to try some new shit  
Especially wit a trill ass nigga like you  
Whatever you do, just don't tell Gianni  
I know you guys are doing some typa mixtape together and then  
I don't want it to be weird  
Call me?
