Beautiful lilly, she lickin' my dick  
Ho, don't you touch me or try to kiss  
Livin' my life, tryin' to get rich  
Don't got no money, you can't be my bitch  
Ain't drinkin' water, you ain't in my clique  
She sippin' lean and she swallow my kids  
Um, pause, deep in her walls  
Fuck and we sleep then we pop Adderalls  
She fuck me good then go work at her job  
I am the man but I am a God  
Drinkin' my water and smokin' my pot  
My dick is a coin, insert in her slot  
Bitches worth money, a pussy been bought  
My dick is golden, the fuck did you thought?  
Your bitch been chose to come fuck at the loft  
One night pass, after that, it's goin' to cost  
Waterboys on deck, Team Sesh on deck  
Kenshin Travis 'bout checks  
Straight calls, no texts  
No money, no rent  
White Benz, black tint  
Fuck with my niggas and you will get marked  
Come in the target, we shoot you like darts

All of my bitches drink water (water)  
All of my bitches look gorgeous (gorgeous)  
All of my bitches eat healthy (healthy)  
All of my bitches live longer (longer)  
Drugs hard but I'm harder (harder)  
Gone, so they always callin' (callin')  
No phone on me (on me)  
'Til I'm buzzin' like a Motorola  
I'm smokin' like a locomotive (Sesh)  
Get cash and I float (Bones)  
I'm livin' life to that fullest  
Floor covered in that roaches  
Shades on like Jodeci  
Hear the flow and they know it's me  
No response, so these bitches goin'  
Go and try to get close to me  
Fall back, I tell her fall back  
Call me, I won't call back

Crawl back to your boyfriend  
Go and tell him that he's all that  
He's on your mind all the time  
Never heard of you're a different person  
Say you love him, but you really don't  
Rather fuck, rather roll my dope
