Niggas acting like we cool
Guess it's time to stop again
Rolling with the juice and the bitch she African
I don't need to say, boy you know what's happenin'
I don't fear a thing boy, I feel like Malcolm X
Tires scrape the streets, when I'm out I feel invinc-

Good girls are freaks, had a time won't forget
Thought she fool me, fucked the same day we met
But fuck all the shit, let's get back to a check
Niggas must be stupid if they thinkin' I'm upset
Bitches must be stupid if they thinkin' I'm depressed
I'm a Memphis nigga, we don't ever take no shit

People in my bizz try'na talk all in my ear
I don't need advice from a person I ain't near
So just keep it coming, watch me kill this whole year

That just what it is mane, that just what it is
Fuck her, never chill, she come over with no feels
What you should've did, nah
What you could've did?
Niggas acting like we cool
Guess it's time to stop again
Rolling with the juice and the bitch she African
I don't need to say, boy you know what's happenin'
I don't fear a thing boy, I feel like Malcolm X
Tires scrape the streets, when I'm out I feel invinc-
