

Daydreaming

Chris Wallace

Daydreaming everyday's the weekend
Whenever I'm with you
Daydreaming dive into the deep end
Whenever I'm with you
Baby close your eyes, get me so so high
In the gold sunshine or the pale moonlight
Daydreaming everyday's the weekend
Whenever I'm with you

Before I met you I was hollow hollow
Lips stuck to the bottle bottle
Anything for a follow follow
Could give a damn about tomorrow tomorrow

I don't know how I got right here
My baby in my arms seeing crystal clear
Heart so red, eyes so blue
Whenever I'm with you... I'm

Daydreaming everyday's the weekend
Whenever I'm with you
Daydreaming dive into the deep end
Whenever I'm with you
Baby close your eyes, get me so so high
In the gold sunshine or the pale moonlight
Daydreaming everyday's the weekend
Whenever I'm with you

Some days you drive me insane
I wouldn't change a thing
Yeah, I kinda like
When you're screaming out my name

Now we kissing in the car
Got me feeling 18
Don't wake me up cause I'm on a daydream

I don't know how I got right here
My baby in my arms seeing crystal clear
Heart so red, eyes so blue
Whenever I'm with you... I'm

Daydreaming everyday's the weekend
Whenever I'm with you
Daydreaming dive into the deep end
Whenever I'm with you
Baby close your eyes, get me so so high
In the gold sunshine or the pale moonlight
Daydreaming everyday's the weekend
Whenever I'm with you
