

# Do It All Again

Chris Wallace

The walls are opening  
I can finally breathe again  
I finally noticed  
You were in front of me all along  
The rain has washed me clean  
I'm feeling you on my skin  
I finally let you in  
Feels like I'm home in your arms

I don't even know where I'm going  
But I know where I've been  
I couldn't believe I found love  
But I found you again  
And all that I know is  
Gonna do it all again  
Lift me up, pull me out of the fire  
Lift me up, take me higher and higher  
Baby we'll do it all again

Cuz you're like gravity  
You constantly pull me near  
Been lucky to have you here  
I'm lucky to stand in your light  
Don't ever wake me from this dream  
There's nowhere I'd rather be  
Hopelessly endlessly  
You make me feel so alive

I don't even know where I'm going  
But I know where I've been  
I couldn't believe I found love  
But I found you again  
And all that I know is  
We're gonna do it all again  
Lift me up, pull me out of the fire  
Lift me up, take me higher and higher  
Baby we'll do it all again  
Lift me up, pull me out of the fire  
Lift me up, take me higher and higher  
Baby we'll do it all again

The walls are opening  
I can finally breathe again

And I don't even know where I'm going  
But I know where I've been  
I couldn't believe I found love  
But I found you again  
And all that I know is  
We're gonna do it all again  
Lift me up, pull me out of the fire  
Lift me up, take me higher and higher  
Baby we'll do it all again  
Lift me up, pull me out of the fire  
Lift me up, take me higher and higher  
Baby we'll do it all again
