

# Hurricane

Chris Wallace

I opened my eyes  
To the wreckage all around me  
Look what you've done  
Don't know why, you left without warning  
Just a hit and run

Now I'm taking back all my love you stole  
Erasing you baby  
Got to get my mind right  
Got to take control  
Before I go crazy

You hit me like a hurricane  
You know you got me spinning round and round  
I brought you through it all the way  
And you tried to take me down, down, down, down.  
You thought you could bend me, break me  
But I'm only stronger now (only stronger now)  
Yeah, you hit me like a hurricane  
But you'll never take me down, down, down, down

I was lost  
Just caught up in the chaos  
I was so far gone  
I see it now  
There was nothing that could save us  
So I'm moving on  
Now I'm taking back all my love you stole  
Erasing you baby  
Got to get my mind right  
Got to take control  
Before I go crazy

You hit me like a hurricane  
You know you got me spinning round and round  
I brought you through it all the way  
And you tried to take me down, down, down, down.  
You thought you could bend me, break me  
But I'm only stronger now (only stronger now)  
Yeah, you hit me like a hurricane  
But you'll never take me down, down, down, down

You hit me like a hurricane (a hurricane)

I'm over it  
Its overdue  
Cause the worst part of me I left with you  
I don't want you back  
Don't care what you say  
All the wreckage that you left  
You know, I threw it away

You hit me like a hurricane  
You know you got me spinning round and round  
I brought you through it all the way  
And you tried to take me down, down, down, down.  
You thought you could bend me, break me

But I'm only stronger now (only stronger now)  
Yeah, you hit me like a hurricane  
But you'll never take me down, down, down, down  
You hit me like a hurricane.
