

# I'll Be There

Chris Wallace

When you're feeling lost and broken down  
When you want to scream  
But can't make a sound  
And you're feeling out of place  
I know, we've all been down that road  
It's all about the fire in your eyes  
It's all about the people in your life  
It's all about the love, you know  
And it's all about to change  
It's all about to change

When ever it starts to get a little too crazy  
Open up your eyes  
I'll be there when you need me  
Baby, I'll be there  
I'll be there when you need me  
I'll be there when you call  
I'll be there  
I'll be there  
I'll be there  
I'll be there

It's not about the things you haven't done  
It's not about the wars you fought and  
wish you could have won  
You're feeling out of place, I know  
And it's all about to change  
It's all about to change

When ever it starts to get a little too crazy  
Open up your eyes  
I'll be there when you need me  
Baby, I'll be there  
I'll be there when you need me  
I'll be there when you call  
I'll be there  
I'll be there  
I'll be there  
I'll be there

When it all falls apart  
And when you lose it in the dark  
I'll be there  
I'll be there  
I'll be there
