

# Invincible

Chris Wallace

Some days you can't wait to wake up  
Some days you wanna lay right back down  
Some days your middle finger is up  
Some days you wanna throw it all away now

After the storm is gone  
The sunlight shows you the way  
Follow your heart  
Let's go and dream out loud  
Gotta look inside  
Won't believe what you will find out

I see explosions in the sky  
Just like the fire in your eyes  
Let's live like we're running out of time

When they tell you it's wrong and you know that it's right  
Cause your dreams are in and it starts tonight  
Oh, you're invincible  
Oh, you're invincible

When they try to tell you how to live your life  
Just close your eyes, spread your wings and fly  
Oh, you're invincible  
Oh, you're invincible

Oh oh oh oh oh oh  
Oh oh oh oh oh oh  
Oh oh oh oh oh oh  
You are invincible

Walks off and talk can be a beep  
Walk tall and you become the moment  
Walk in and tell them what you think  
Walk out in a blaze of glory  
So it goes  
We get to used to the way that it is right now  
And so this time  
We need to put it all on the line

I see explosions in the sky  
Just like the fire in your eyes  
Let's live like we're running out of time

When they tell you it's wrong and you know that it's right  
Cause your dreams are in and it starts tonight  
Oh, you're invincible  
Oh, you're invincible

When they try to tell you how to live your life  
Just close your eyes, spread your wings and fly  
Oh, you're invincible  
Oh, you're invincible

Oh oh oh oh oh oh  
Oh oh oh oh oh oh  
Oh oh oh oh oh oh

When they tell you it's wrong  
And you that it's right  
Oh oh  
Remember you are invincible

When they tell you it's wrong and you know that it's right  
Cause your dreams are in and it starts tonight  
Oh, you're invincible  
Oh, you're invincible

When they try to tell you how to live your life  
Just close your eyes, spread your wings and fly  
Oh, you're invincible  
Oh, you're invincible
