

## bottomless cup (2020)

Chris Webby

I pour my heart in a bottomless cup  
Yeah, they knocked me down  
But I got back up  
And the older I get  
The less I give a fuck  
Yeah, the less I give a fuck  
They can't break me down

Yeah, they can't break me down  
Ears wide shut when they make a sound  
Shit, I wrote the blueprint that they trace around  
And survived through the storm when it's rainin' down  
I been livin' in a hater proof bubble  
False starts, had a couple  
Dug my way up out the rubble  
Came up out the dirt and did it all without a shovel  
Never had a muzzle  
Sayin' what I feel  
Number one rule in life is stay real  
Number two, stay humble  
Three, stay hungry  
Like you never had a meal  
Shit, I got wounds in life that won't heal  
And I caught bruises, fights and cold deals  
But I won't lose my sight, I won't kneel  
Yeah, and that's just how I feel  
So I tell 'em

I pour my heart in a bottomless cup  
Yeah, they knocked me down  
But I got back up  
And the older I get  
The less I give a fuck  
Yeah, the less I give a fuck  
They can't break me down  
They can't break me  
They can't break me down  
They can't break me  
They can't break me down

Yeah, they can't break me down  
You see I did it like Frank  
Yeah, I did it my way  
If they get in my way  
Try and take the crown  
I keep the grass cut short when them snakes around  
Yeah can't tell me nada  
Since a baby with a ba-ba  
Rose through the ranks like Shaba  
Now I'm big boss like Jabba  
Always been a saga  
When I make moves  
Heart up on my sleeve  
I should get it tattooed  
Always been a part of me that just had to break rules  
So I'm sorry, pardon me  
All I bring is straight truth

Ain't no fake news  
Always stay ahead of the clues  
Judge no man 'til I step in they shoes  
Give my props to the real when the credit is due  
Just be unapologetically you  
So I tell 'em

I pour my heart in a bottomless cup  
Yeah, they knocked me down  
But I got back up  
And the older I get  
The less I give a fuck  
Yeah, the less I give a fuck  
They can't break me down  
They can't break me  
They can't break me down  
They can't break me  
They can't break me down
