

Legends Never Die

Chris Webby

Strut in this bitch like I'm Conner McGreg
Fucking with me will cost you an arm and a leg
A body and head
I'll have this shit looking like Dawn of the Dead
Gory, put it on the line for that glory
I'm the underdog in that story
And they can't forget me, no Dory
Ignore me at your own risk
Serve 'em up with that cold dish
Grab the mic with both fists
Up in FarmVille on my GOAT shit
And they know this, they like "Oh shit"
I'm the one who showed 'em what dope is
Pull up and I kill 'em with the flow switch
Out on the coast where the boats is
Running up Hootie and The Blowfish
On that Bluetooth
With my dogs like Goof Troop
Riding 'round on that scoot-scoot
Coming for their heads like doo-doo(doo-doo)
They ducking down
Better run for the hills when I come around
Yeah, I got the ring but I want the crown
So I plant that flag in the ground, sayin'

I'm on the road to greatness
They follow my steps as I pave the way
Don't give me the throne, I'll take it from them
Because legends don't fade away

I'm never gonna run
I'm never gonna hide
And nothing's gonna change
Because legends never die
I feel it in my soul
I know it in my mind
And they gon' sing my name
Because legends never die

I see the world through a legend's eyes
With a legacy that'll never die
Incentivized by steady rise
And my evolution will be televised
You see me up on that news I'm on?
Taking over like Kublai Khan?
Do no wrong, I'm a true icon
When I step in that booth I'm gone
Can I get a what, what?
Got the game fucked up
Bitch I am the large pie
Toppings with the stuffed crust
Loaded up with that extra cheese
Going nuts with those recipes
Hold 'em up like I'm Jesse James
Rest in peace to my enemies
Let me breathe
I'm the one who put 'em in the game

Showed 'em what to do with this microphone in this lane
That I carved on the Earth with the bars in the verse
Turn that car to a hearse when they hear the click bang
Insane, on my Rick James, boots on the couch
See the big flame when I'm moving about
Weed smoke in the air while my crews in the house
Throw up a deuce and I'm out

I'm on the road to greatness
They follow my steps as I pave the way
Don't give me the thrown, I'll take it from them
Because legends don't fade away

I'm never gonna run
I'm never gonna hide
And nothing's gonna change
Because legends never die
I feel it in my soul
I know it in my mind
And they gon' sing my name
Because legends never die
Legends never die
