

Moose Head

Chris Webby

I don't got no diamonds on my wrist (No diamonds on my wrist)
But I spent over a hundred racks on fish
My tank lookin' good though
I ain't got no Lambo that I whip (No Lambo that I whip)
But my home arcade is fuckin' sick

'Cause baby, I've been hustlin' all my life
And now that I got it, I'm runnin' the tab up
And I don't even double check the price 'cause you only live once ('Cause yo
u only live once)
And baby, I've been hustlin' all my life
And now that I got it, I'm runnin' the tab up
And I don't even double check the price 'cause you only live once ('Cause yo
u only live once)

Yeah, I don't vacation much at all (Much at all)
But I'll put a moose head on my wall
For six grand on eBay
I ain't buyin' designer at the mall (Designer at the mall)
I wear my own merch to the bank to make my cash withdrawals (Make my cash wi
thdrawals)

'Cause baby, I've been hustlin' all my life
And now that I got it, I'm runnin' the tab up
And I don't even double check the price 'cause you only live once ('Cause yo
u only live once)
And baby, I've been hustlin' all my life
And now that I got it, I'm runnin' the tab up
And I don't even double check the price 'cause you only live once ('Cause yo

Yeah, yeah
I ain't known for wearin' too many rocks
But my retro Ninja Turtle toys are still in the box
Everyday another package showin' up that I forgot
Usin' Amazon on Ambien's somethin' I do a lot
Spent an easy fifty grand on Sopranos related items
My portrait of Tony alone is almost tall as I am
As a kid, I grew up bumpin' Get Rich or Die Tryin'
Now I'm both rich and alive
Thank you, 50, for the guidance
What these other rappers throwin' for the strippers and the jewelry
I spend on some good drugs and a lot of Uber Eats
Buy my dog the best food
He eatin' as good as me
But you'd never guess my tax bracket if you looked at me
'Cause I ain't out here flashin' it
'Cause money really ain't shit
If you're a shitty person broke
Money won't change shit
You can't solve all your problems with a simple little bank trip
More money's still the same shit

'Cause baby, I've been hustlin' all my life
And now that I got it, I'm runnin' the tab up
And I don't even double check the price 'cause you only live once ('Cause yo
u only live once)

And baby, I've been hustlin' all my life
