

## Skyline 2

Chris Webby

Yeah, Webby  
See I've been doing this shit for a while  
I know  
We 'bout to hit the skyline now

I don't know about you, but I know one thing  
I been fighting for my dream, bitch, throw me in the ring  
We start to see the sun when you going through the rain  
It's hard to feel good when you going through the pain  
I was thinking about the days I was up on stage  
Back when everything was going my way  
But life came through with the hurricane  
So I kept the fire lit like Duraflames  
Swerved in the third lane  
Webby on dready, back and all ready  
Killing round two in this game, they not ready  
I lose my damn self, knees weak, palm sweaty  
In a free-fall, rest in peace to Tom Petty  
Then I snapped out of it  
Killed it, the crowd dug it  
I made it to the summit and did it without a budget  
My stock going up the moment it go public  
I trust you gon' love it

I don't know about you but I know one thing  
I ain't gonna wait around here to make it  
Anybody with a dream gotta feel the same  
If it ain't given to me, then I'ma take it  
So let me just fly, fly, meet me outside  
Ain't nobody killing my vibe  
So let me just fly, fly, fly, fly  
Disappear into the skyline

Yeah, I'm top five, call me [?]  
With a pretty young thing I'ma slide on  
And she getting undressed to them nylons  
[?] from the road that I ride on  
Take off baby I'm gone, icon  
Connecticut to Taiwan  
They be getting they vibe on and put on my song  
Flow tight as a python grip, I'm [?]  
Got the flow of a Jedi  
Hopping up on a red-eye  
With red eyes from burning the diesel down on a semi  
Them I'm flying up in the clouds  
Only time I'm coming down is to rock crowds  
So drop that landing gear  
Bitch make way cause the champ is here  
Let's have a hell of a year  
Getting to a new altitude  
They still ain't ready for this shit that I'm about to do

I don't know about you but I know one thing  
I ain't gonna wait around here to make it  
Anybody with a dream gotta feel the same  
If it ain't given to me, then I'ma take it  
So let me just fly, fly, meet me outside

Ain't nobody killing my vibe  
So let me just fly, fly, fly, fly

If you got a dream, you should follow it  
Catch it, then you bottle it  
See it and acknowledge it  
Focus and accomplish it  
This the university of life, no scholarship  
Fuck a rat race, that ain't who I'm getting dollars with  
But I want a lot of it, really cause I deserve  
A piece of this damn pie that everybody's getting served  
But I've learned to keep my head down and observe  
How to play the long game, now it's my turn  
The flow is ice cold like Jack in Titanic  
Watching money come in, lean back in my hammock  
Call action, goddamn it, get the cameras rolling  
I've been chosen to murder the game and stay golden  
Call me pony boy, they know me boy  
From the coast of Japan out to Coney, boy  
Whole world gonna see Dave and Joni's boy  
Cause ain't a thing that'll hold a boy

I don't know about you but I know one thing  
I ain't gonna wait around here to make it  
Anybody with a dream gotta feel the same  
If it ain't given to me, then I'ma take it  
So let me just fly, fly, meet me outside  
Ain't nobody killing my vibe  
So let me just fly, fly, fly, fly  
Disappear into the skyline  
(That said I'ma take off, that said I'ma take off)  
Disappear into the skyline  
(That said I'ma take off, that said I'ma take off)  
Disappear into the skyline  
(That said I'ma take off, that said I'ma take off)  
Disappear into the skyline  
(That said I'ma take off, that said I'ma take off)  
Disappear into the skyline
