

Too Fast

Chris Webby

I've been growing up
Ever so slightly
Took a little time
It's fine
Just don't mind me
Off on a wave and away y'all find me
Kid in my heart ever since mid-ninety's
Smoking out the minivan
Chilling with the homies
Bumping a playlist they now call oldie's
Reach for the memories
Hold on closely
Ain't no turning back the time on that Rolly
Past is the past and we can't change history
The future's unknown
Can't dwell on the mystery
Cherish what you got right now 'cause this is it
That's why they call the present the present
'Cause it's a gift
But it is what it is
No time for the worries
Through the rain, shine, the highs and the flurries
Grown with it, why the timeline get blurry?
But I'm in no hurry
Yeah

I don't wanna grow up too fast
But I don't wanna waste my time
And since I don't wanna change my ways
I don't know but I'll be fine

Big ass kid still live like I want to
Always take it how it comes impromptu
Never follow rules
I ain't listening to Zazu
Call me immature
They're sure I won't stop you
'Cause there's truth to that fact
I know that
Remain self-aware of where my growth's at
Life is a ride no signs of roadmaps
So best drive, recline and ride the nosetracks
And I'm living through whatever danger brings
Wear my heart on my sleeve
'Til the stains'll sting
Feeling upside down
Stranger Things
With a song that I came to sing
Listen up so
If you wanna go and take a ride with me
With a baddie in the back getting high with me
Never grow up too fast and finally
You'll become what you're designed to be

Cause I've been waiting on a shooting star to light the path that I walk along
And even when the night gets dark

I still outlasted on my own

I don't wanna grow up too fast
But I don't wanna waste my time
And since I don't wanna change my ways
I don't know but I'll be fine
