

Yeezy 350

Chris Webby

Ok full disclosure, I don't even own a pair of no Yeezys
But for my dudes Aaron and Jarren
I'll there when you when you need me
To cook the feature up, send me the beat and I'll freakin beat it up
Poison dart frog with it doggie I got the lethal touch

They ain't reachin us, that rogue vandal
Pulling up on Animal Planet, the whole channel
Better run and duck like I'm Elmer Fudd in an old flannel
With the feng shui every hump day, I'm Joe Camel

Flipping like a lucky bogie, yo they fuckin know me
Yea I'm rolling a j (AJ), I don't mean the son of Tony
What I mean is all this weed is now distortin my vision
I'll fill my fork with your dinner, there ain't no portion to give em

All you hungry hungry hippo - critical, bitches been so
Mad at my success that y'all cryin into your pillows
They see that smoke billow from the highly tinted windows
I'm Shark status to all of these minnows, Webby

My niggas sipping cheap whiskey
Know I keep the piece with me
Getting top, while I'm still rocking my Yeezy 350s
Ugghh, rocking my Yeezy 350s

Serving everybody, I don't need a menu
Gotta get this money, so I hustle like the rent due
Jarren, how'd you even get that gun up in the venue
Lying through your teeth like you ain't fucking bitches raw
But fuck these bitches, I need riches, I got itchy palms
That's why I go ape shit like It G Ma
Tell Kato bro, come get your ma
I don't pay for pussy that's not my M.O.

I get head then ask her for some bread on the Venmo
You think you big balling now, like you Lorenzo
Learn your role before we trade your ass to the N.O.
I'm pelican fly, I might roll through NY in an elegant ride
Drive slow like there's a felon inside
Kevin Gates man, I never get tired
I'm forever inspired, after the show hit the Waffle House
Hit on the methhead waitress like I ain't got a spouse
She ain't got teeth, but she got a mouth
You want this money dog, get your ass up off the couch

In all camo like rambo, when Benton start to snapping
The flow will ghost them like Thanos
Reload the A.R clip, I came to fuck up the game just like J.R. Smith
Supreme box logo, aye momma used to whip the box Volvo
Now I throw her ten stacks just shop in SoHo
Karate kicking down doors nigga watch ya dojo
Your baby mama look like Yaphet Kotto
Bitches in awe, let the semi send em' the kiss of death nigga, like mwah
I sit in the spa, get high while I listen to Nas
The Mink Coat Killa, the god, Benton I'm odd
The bully in this bitch what's happening
East Side nigga, I bare arms like Paddington
I never go bare without the raincoat
Brass knuckle Benton the bully I am insane ho
