

Louder

Chris Willis

Verse 1]

Take another sip of the premium
Let's keep the drama down to the minimum
Just turn the music up to the maximum
Spin the bottle down down down
Get down down down, now.

We need to find a little space
To take a load off.
Take a little bit of time
To Turn the heat up.
Just send the tin man down
Blow the lid off.
Down, down, down
Get down, down, down, now.

[Chorus]

Put your hands up
If you feel me
Shout a little bit louder
Now put your hands up
If you can't keep yourself
From jumpin' around
Put your hands up
It ain't gon' bother me
If you gotta get yourself free, Hey!
Now put your hands up
Don't fight the feeling
Do something about it!
Put your hands up

Up Up Up Up Up Up Up
Louder

[Verse 2]

Let's dip into the pool
With our clothes on
Let's break up every rule
Let the meter run.
Forget about your name
And where you're coming from
Spin the bottle
Down down down
Get down down down, now.

We need to find a little space
To take a load off
Take a little bit of time
To Turn the heat up.
Just send the tin man down
Blow the lid off.
Down down down
Get down down down, now.

[Chorus]

Put your hands up
If you feel me

Shout a little bit louder
Now put your hands up
If you can't keep yourself
From jumpin' around
Put your hands up
It ain't gon' bother me
If you gotta get yourself free, Hey!
Now put your hands up
Don't fight the feeling
Do something about it!
Put your hands up

Up Up Up Up Up Up Up
Louder

[Bridge]
Is everybody feeling all right?
Put your hands up!

Put your, put your hands up, hands up
Put your hands up!

[Chorus]
Put your hands up
If you feel me
Shout a little bit louder
Now put your hands up
If you can't keep yourself
From jumpin' around
Put your hands up
It ain't gon' bother me
If you gotta get yourself free, Hey!
Now put your hands up
Don't fight the feeling
Do something about it!
Put your hands up

Up Up Up Up Up Up Up
Louder
