

# Call It a Day

Chris Young

Hey, I know we're day-drinkin'  
But I'm already thinkin'  
We should mess up that bed  
Babe, I know it's not the weekend  
But you got me feelin' weak and  
I just thought we could pretend

And call it a day  
Call it a night  
Bottle of red  
That look in your eyes  
Yeah, the sun's still up  
But baby, what do you say?  
Let's call it a day

That dress in the closet, you can leave it  
You ain't gonna need it  
I know it's only half past three  
But why don't we

Call it a day  
Call it a night  
Bottle of red  
That look in your eyes  
Yeah, the sun's still up  
But baby, what do you say?  
Let's call it a day  
Mm, let's call it a day

Baby, I don't wanna stay  
For the kinda love that we make  
No, I don't wanna wait

Call it a day  
Let's call it a night  
That red on your lips  
And that bottle of wine  
Yeah, the sun's still up  
But baby, what do you say?  
Let's call it a day

Call it a day  
Call it a day
