

# Don't Stop Now

Chris Young

Don't stop doing everything you've been doing all night  
Don't stop giving me let's get to leaving eyes  
If you need a spark, girl, I can be your lighter  
But you already started the fire, so

Baby, don't stop, baby, don't stop now  
Keep, keeping that pretty blonde hair falling down  
Baby, don't quit, baby, don't quit yet  
Keep kissing on me, keep taking my breath  
'Cause I'm already falling all the way, all in  
So don't stop now

Baby, don't you even think about hitting them brakes  
'Cause I ain't ever gonna get enough of what ya throw my way  
You can turn the lights off, you can leave the lights on  
You've already got me past way gone

So baby, don't stop, baby, don't stop now  
Keep, keeping that pretty blonde hair falling down  
Baby, don't quit, baby, don't quit yet  
Keep kissing on me, keep taking my breath  
I'm already falling all the way, all in  
So don't stop now  
No, don't stop now, no

Baby, don't stop, baby, don't stop now  
I'm loving how this whole night's playing out  
Baby, don't quit, baby, don't quit yet  
We're in heaven here together, got me thinking 'bout forever

Baby, don't stop, baby, don't stop now  
Keep, keeping that pretty blonde hair falling down  
Baby, don't quit, baby, don't quit yet  
Keep kissing on me, taking my breath  
I'm already falling all the way, all in  
So don't stop now

No, don't stop now
