

Hell No, Heaven Yes

Chris Young

Git-R-Done

Well she danced out of the smoke, Burnin' with desire
That devil put her arm around me, and pulled me closer to her fire

But on my other shoulder, I heard another voice, Yes I Did
It said if you wanna get to heaven, better get yourself on home
Kid

Hell No, Heaven Yes

Yield not to Temptation, man I passed that test
I got an angel waitin' up at home, Tonight I'm gonna be blessed
Hell No, Heaven Yes

Just Like an up and comer, I let out a Victory yell
Jumped into my Cherokee, and I left that Jezebel
I can feel the home fires burnin' Oh lord I just can't wait
Oh there's something 'bout our front door
Looks just like the pearly gates

Hell No, Heaven Yes

Yield not to Temptation, man I passed that test
I got an angel waitin' up at home, Tonight I'm gonna be blessed
Hell No, Heaven Yes

Hell No, Heaven Yes

Yield not to Temptation, man I passed that test
I got an angel waitin' up at home, Tonight I'm gonna be blessed
Hell No, Heaven Yes

Hell No, Heaven Yes
