

Tonight We're Dancing

Chris Young

I don't wanna hit the same spot
The same restaurant
We've been to a million times before
Wanna do something different
Remember when we met
And I pulled you out onto a hardwood floor
I wanna make you feel that way again

So, tonight we're dancin'
Barefoot in the kitchen
Spinnin' along to a George Strait song, "You Look So Good In Love"
And when it's just us
All I wanna do is stare into your eyes all night long
Heart-to-heart, hand-in-hand
So, tonight we're dancin'

I just wanna turn down the lights
Lose track of time
Steal a few kisses, then steal a few more
Hell, I don't even know how long it's been

So, tonight we're dancin'
Barefoot in the kitchen
Spinnin' along to a George Strait song, "You Look So Good In Love"
And when it's just us
All I wanna do is stare into your eyes all night long
Heart-to-heart, hand-in-hand
So, tonight we're dancin'

Yeah, tonight we're dancin'
I wanna make you feel that way again

So, tonight we're dancin'
Barefoot in the kitchen
Spinnin' along to a George Strait song, "You Look So Good In Love"
And when it's just us
All I wanna do is stare into your eyes all night long
Heart-to-heart, hand-in-hand
Just turnin' in circles again and again
So, tonight we're dancin'

Girl, tonight we're dancin'
