

Town Ain't Big Enough

Chris Young

We used to be the king and the queen
Of bringing the life to a party
When you were there with me
I'd buy the drinks
You'd play the songs and be singing along a little off key
And just blame the whiskey

But now I wish that we could draw a line through the city
'Cause seeing those two blue eyes so pretty
Messes me up like it always does
This town ain't big enough

Your friends and mine run into each other all the time
Seems like there ain't no place to run
This town ain't big enough for both of us

Now I go out and I pray the whole time
That I won't see you smiling across the room
And miss you
But it never fails, I always do

Wish that we could draw a line through the city
'Cause seeing those two blue eyes so pretty
Messes me up like it always does
This town ain't big enough

Your friends and mine run into each other all the time
Seems like there ain't no place to run
This town ain't big enough for both of us
This town ain't big enough

I wish that we could draw a line through the city
'Cause seeing those two blues eyes so pretty, it messes me up

Your friends and mine run into each other all the time
Seems like there ain't no place to run
This town ain't big enough for both of us
This town ain't big enough (This town ain't big enough)
Ain't big enough for both of us
