Why you get quiet soon as I walk in the room?
Riddle me this, You be going out wit yours, but expect me to st

You don't ever want me to hang out wit my crew

Baby I'm a grown woman dealing wit grown woman things
So if you're gonna stay my man, some things gonna have to chang
e

Cause I'm so done with all the not knowing
So over wondering what you've done, I'm bout to be on to anothe
r one (On to another one)
So over being so over, So done with not having any fun (not hav
ing any fun)
I'm bout to be on to another one (on to another one)

Cause I don't play games, ya friends come around you don't act
the same
Kissing and hugging then suddenly I'm bugging you (suddenly I'm
bugging you)
Well baby that ain't cool, cause I all do, is stay catering to
you boy
But you don't wanna treat me like you supposed too

Baby I'm a grown woman dealing wit grown woman thangs (grown wo

So if you wanna stay my man, some things gonna have to change

Cause I'm so done with all the not knowing
So over wondering what you've done, I'm bout to be on to anothe
r one (On to another one)
So over being so over, So done with not having any fun (not hav
ing any fun)
I'm bout to be on to another one (On to another one)

No more, fooling with you, with you (No more)
I've realized I've got better things to do
Like on to another one...

Oh oh oh ohhohh ohhhhh ohhhh

Cause I'm so done with all the not knowing
So over wondering what you've done, I'm bout to be on to anothe
r one (On to another one)
So over being so over, So done with not having any fun (not hav

ing any fun)

I'm bout to be on to another one (On to another one)

I'm bout to be on to another one, I'm done done done
