

# If Nobody Sang Along

Chrisette Michele

If there were no record labels  
No radios or TVs  
No magazines, no MTV  
No channel to see

Would I even tell my story?  
Would I even sing my song?  
If nobody sang along  
Would I take the time to write it?  
Would I say what's on my mind?  
If nobody sang along

Who's all this for?  
Is it my song or yours?  
Am I the superstar or are you?  
I feel so challenged  
Like I'm on trial  
But if you aren't around, would I gotta tell the truth?

Would I even tell my story?  
Would I even sing my song?  
If nobody sang along  
Would I take the time to write it?  
Would I say what's on my mind?  
If nobody sang along

Baby I like being played on the radio  
Baby i like being just like the other girls  
Baby i wish i was in more media  
Maybe i need to just say what i wanna say

Maybe I should tell my story  
Maybe I should sing my song  
And somebody just might sing along  
Maybe if I only write it  
And just say what's on my mind  
I'd be all over your TV screen  
The radio would play what I believe  
If I just say whats inside of me  
I might set somebody free  
If I just be me
