

Make Us One

Chrisette Michele

Oh God, make us one,
One color, one race to run.
Many people, many hands - one voice, many men.

Oh God, fight the war.
Make us blind, see no more.
Many nations in one land - one voice, many men.

Oh God, give us free - no oppression, raise unity
Colorism, dark and tan - one voice, many men.

Oh God, make us one
One color, one race to run.
Many people, many hands - one voice, many men.

Oh God, hear our prayer - black and tan, boy and man.
Oh, God, give us a rhythm
To make a decision to have no division.

Oh God, fight the war
Make us blind, see no more
Many nations in one land - one voice, many man.
