Chrisette Michele

I'm feelin you, you feelin me
But still we can't be together
I got a feelin'
You got these same feelins
Too bad we can't feel 'em together

I sit on my bed and wonder
How it'd be if you were mine
I think of you like no other
Here's what I do every night...

Write in my notebook
X's and O's
Beside your name
Only my notebook knows how I feel
My heart is on every page

Oh oh oh oh (feel a little like)
Oh oh oh oh (love a little like)
Oh oh oh oh (feel a little like)
Hey hey

Oh oh oh oh (feel a little like)
Oh oh oh oh (love a little like)
Oh oh oh oh (feel a little like)
Hey hey

Do you have any idea
How hard it is to act like you don't mean a thing and
This chemistry between you & me
I wanna share with everyone (OH!)
All I can do is just write down every emotion I feel
Hopefully one day you'll find out
My love for you is real (So)

Write in my notebook
X's and O's
Beside your name
Only my notebook knows how I feel
My heart is on every page

Oh oh oh oh (feel a little like)
Oh oh oh oh (love a little like)
Oh oh oh oh (feel a little like)
Hey hey

Oh oh oh oh (feel a little like)
Oh oh oh oh (love a little like)
Oh oh oh oh (feel a little like)
Hey hey

So many times I must have loved & lost (I've patched up every one)
So many times I've let love walk by (I've let love go by)
This time's it's going to be different (it's gonna be different this time)
Take my notebook
Read everything in my mind
So I...

Write in my notebook
X's and O's
Beside your name
Only my notebook knows how I feel
My heart is on every page

Oh oh oh oh (feel a little like)
Oh oh oh oh (love a little like)
Oh oh oh oh (feel a little like)
Hey hey

Oh oh oh oh (feel a little like)
Oh oh oh oh (love a little like)
Oh oh oh oh (feel a little like)
Hey hey

Oh oh oh oh
Oh oh oh oh
Oh oh oh oh
Hey hey
