All That I Know

Chrishan

See where I come from

That money, all that I know
My niggas, all that I know
I could never go broke, that pimping, all that I know
That real, all that I know
That trill, all that I know
I could never go broke, that's all that I know

Molly out on that pole, that's all that I know
Every time I'm bobbing bands she bobbing on the floor
Gold all on my Rolls, that's all that I know
Hoes all in my phone, bitch, leave me alone
I got niggas from LA, my niggas from the block
Charm me if you want, but I rather I don't
My gritty nigga at the bank, that's all that I know
I'm with blowing that thing, that's Minnesota lingo

That money, all that I know
My niggas, all that I know
I could never go broke, that pimping, all that I know
That real, all that I know
That trill, all that I know
I could never go broke, that's all that I know

That money, all that I know
My niggas, all that I know
I could never go broke, that pimping, all that I know
That real, all that I know
That trill, all that I know
I could never go broke, that's all that I know

I grow up in that bro, high fashion I'm 'bout
Young boy from that go, that real all that I know
Go up, all that I know, get it in, all that I know
You green, you chipping my team

Hoe all up in my dome, no love a nigga, she know
You bitch park on that pole, that thing down, I got dough
I'm too turnt up, I know, too wavy, all that I know
Them hoes, they talk on the street
They saying J Watts kicking that dope

That money, all that I know
My niggas, all that I know
I could never go broke, that pimping, all that I know
That real, all that I know
That trill, all that I know
I could never go broke, that's all that I know

That money, all that I know
My niggas, all that I know
I could never go broke, that pimping, all that I know
That real, all that I know
That trill, all that I know
I could never go broke, that's all that I know
