

# Daddy

Chrishan

You just getting home... from work  
I'm just getting home for desert (desert)  
Lay your body down... Take off your shirt  
Take your hair down  
And if you don't know my name  
Maybe you can call me... daddy  
Maybe you can call me... daddy

Any size I don't mind as long as you soak and wet  
Kiss them lips between them theighs  
Make my way up to your neck  
Cares and van twelve play, trey said he invented sex  
Night we can do role play fireman I get you wet  
Long day spend shopping with your girls is well worth it  
Them Jimmy shoes and Vicky's with the sequence matching perfect  
And daddy's working hard to keep this goddess round here earthless  
That's why I break her off cause I know that she deserve it...  
She done...

All I wanna... All I wanna feel her thong. You can keep your heels on... tonight (tonight)  
Yeah yeah
