Chrishan

Girl you workin that body
Like you just broke up with yo nigga
Well I just woke up my shorty
And I've been sipping on this liquor

So now I'm looking at you, now you're looking at me
What are you gonna do?
We can have a good time, girl whatever that means
That's all up to you, you

You ready, aye?

Ah mo, ah mo
Just want you girl

Like you wanna get round aye
So it, say again no more

So now I'm looking at you, now you're looking at me
