We've been all over your sofa, all up in your car, legs up on the counter, a

Now scream then wait, now scream time to cut the cake
Baby then sing it's my birthday, baby I ain't got no candles

Baby I ain't got no candles
I'm a blow your shit out

One for the money, two for the show, three for the niggas puttin' it down li
ke me
Four for the women if they own... and five only if they could put it down li
ke me
Say oh and yeah, and five only if they could put it down like me
Say oh and yeah, and five only if they could put it down like me

Liquor in my cup, chaser on the rocks
First I hit the clutch and then I let it drop
Now you're moanin' to the beat, then I'm gonna stop
Ask how bad you want it then I hit your spot

Now scream then wait, now scream time to cut the cake
Baby we sing it's my birthday, baby I ain't got no candles
I'm a blow your back out
Baby I ain't got no candles
I'm a blow your back out
Baby I ain't got no candles
