Like U Do

Chrishan

Here we go

Feel like I gotta hold your hand to make you understand
Yes sometimes you act like a girl when I act like a man
Feeling like our hope is gone when the road...
I'm never... treat me this... is a winner

Chorus:
Why you do me like u do me
Why you do, why you do me like you do it
Why you do me, why you do me like, like u do
Why you do me like u do, why you do me
What you do, why you do me like you, like you do
Why you do me, what you do?

... felling like I'm trapped inside...
The way we work out is... you and me
And we go break up, but then we wake up
And then we make love
The way we... feel me

Chorus:
Why you do me like u do me
Why you do, why you do me like you do it
Why you do me, why you do me like, like u do
Why you do me like u do, why you do me
What you do, why you do me like you, like you do
Why you do me, what you do?

... trippin call me b*tchin... tippin
So she smash my phone
And my heart's exposed like I'm in the...
I'ma need air from the... I ain't got... only got two...
Baby I don't know what to do myself... to hel... my heart bacl to hell

[Chorus:]
