

Lovemaking

Chrishan

Sound!
I love making love to you
All night if you ask me to
Take your time it's up to you
I'll do what your fans can't do
I love when i'm f*ckin' you
You know why I f*ck with you
Take your time it's up to you
I'll do what your fans can't do
I got rosé I got wine
I got something for your time
You got niggas on your line
I'm so glad I made you mine
You got something on your mind
That I really wanna find out
Touchin' on your thighs
Got you caught up on the size
You drive my boat, now it's your boat
Let your body open wide, doin' the most
If the sheets don't work
You can grab the pillow
I love making love to you

All night if you ask me to
Take your time it's up to you
I'll do what your fans can't do
I love when i'm f*ckin' you
You know why I f*ck with you
Take your time it's up to you
I'll do what your fans can't do
We can play inside
Only for the night
Turn me into your ride
You my slip-n-slide
Flip you on your side
Playin' in your mind
Grip you from behind
Put a dip in ya spine
I love making love to you
All night if you ask me to
Take your time it's up to you
I'll do what your fans can't do
I love when i'm f*ckin' you
You know why I f*ck with you
Take your time it's up to you
I'll do what your fans can't do
