

Nothin' 2 Me

Chrishan

Life, love
I don't even know you anymore

Let's go

Ridin' in my car (yep)
Coupe '87 (yep)
In my voicemail pressing pound 7, 7 (yep)
Don't know who you are anymore, on the real
You done change so much
I don't really feel

For you
No love
(There for you)
No hugs
(There for you)
Because
(There for you)
You changed
(There for you)
No us
(There for you)
No you
(There for you)
I can't
(There for you)

Y-you don't mean
Nothing to me
Nothing to me
Nothing to me
Nothing to me
Nothing to me
Nothing to me

Y-you don't mean
Nothing to me
Nothing to me
Nothing to me
Nothing to me
Nothing to me
Nothing to me
Y-you don't mean nothing

See as how you are (yep)
How you really feel (yep)
Say I don't mean nothing
So let's turn around this wheel from you
You know that you had it coming
You know that you had it coming
Cause baby I couldn't take no more

For you
No love
(There for you)
No hugs

(There for you)
Because
(There for you)
You changed
(There for you)
No us
(There for you)
I can't
(There for you)
For you
(There for you)

Y-You don't mean nothing
Nothing to me
Nothing to me
Nothing to me
Nothing to me
Nothing to me
Nothing to me

Y-you don't mean nothing
Y-you don't mean nothing
Y-you don't mean nothing
Y-you don't mean nothing
Y-you don't mean nothing
Y-you don't mean nothing
Y-you don't mean nothing
Y-you don't mean nothing
