Switch!

You say everything done change
Nothing is for real
Fuck up outta my face
But you knew the deal
You Said you knew my name
Heard it all before
Started off the same
Ended on the floor
And everything was all cool
But now you talking 'bout us
We just do what we do
So why you talkin 'bout love
Say I'm playin these games
I'm just tryin' to chill
Fuck about my face
Bitch you know the deal

Keep it real, babe
Keep it real, babe
Keep it real, babe
Keep it real, babe

I know, I know you wanna be the one, every night
That ain't me babe
I know, I know you wanna fall in love, very time
That ain't me babe.
That ain't me, that ain't me, that ain't, that ain't me
That ain't me babe.
