

## Too Late

Chrishan

It's too late for yourself, girl you know it's something I gotta do  
It's too late for yourself, girl you know it's something I gotta do  
It's too late for that p\*ssy, you know I got a lot to prove  
It's too late for yourself, girl you know it's something I gotta do

You know you worth it, girl you the best  
But I don't, but I don't, wanna make it to obvious  
You know you worth it, girl you the best  
But I don't, but I don't, wanna make it to obvious  
I don't wanna be offensive  
You ain't like my other bitches  
I ain't got no other bitches  
But play along if you feel me  
Hold on what you're doing  
Have you ever had sex like that  
Have me questioning myself  
I put it like that (oh-ohhh), I put it like that  
I put it like that (oh-ohhh)  
Have me questioning myself  
I put it like that  
I can feel it, in the air, hold on

[?], like she tippin on 4 4's  
Ooo you the truth, gotta show some self control  
Make me wanna call up my ex and say:  
Look who I'm f\*ckin' with now  
Look who I'm f\*ckin' with now  
My daddy told me he proud  
Look at that booty right now

It's too late for that p\*ssy, you know I had a lot to prove  
It's too late for yourself, girl you know it's something I gotta do

If you wanna know, I ain't f\*ckin' with anybody else  
Girl speak for yourself  
Cus' what's good for me ain't good for you  
Girl I'm bad for your health  
Some say I can't trust nobody  
Shit, I can't trust myself  
And these girls wanna play me  
But I'm way too blessed  
Blessed  
Blessed  
Lying done in this bitch like it was long division  
Blessed  
Yo, did you hear what the f\*ck I said  
Woah  
Step up to the plate and bet a thousand  
Still a problem nigga but I came from public housing  
My God  
First you get the money then the power  
Nigga say they seeing me but all I see is cowards  
Came up out the water like flipper  
Still from Minnesota, Juvi Wayne that's still my nigga  
Came up out the water like flipper
