That bum bum, I need that wet, wet
Turn around, now let me see it
That bum bum, I need that wet, wet
Turn around, now let me see it

All night, all night she on it
Dropping on that low, go on baby, go on baby
All night, I'ma throw these hunneds
Gotta keep it 100, you're... tight and I want it, oh yeah
That bum bum, I need that wet, wet
Turn around, now let me see it
That bum bum, I need that wet, wet
Turn around, now let me see it

Turning me up, turning me up
Blowing that loud, sip and drinking my cup
Throwing them rack, make it clap for them doughs
Knowing the bigger the nigga that step in these bitches
The thicker the bitch that be fuck
Clocking they in and the tickets don't clock
40 and know I'm knocking that dust
Knocking that dust, knocking that dust, swerve
Real nigga lingo, don't understand my ink low
Diving in it, that's me, more for them red bones
And them creoles, and them dark girls,
Make the ink low, and that pink thong, let than thang show
Strip a broads in that audermar, swear this here your ring tone
Ho no, slow mo, let me flow on it
Pull up to that club with them horses on wrum
I be throwing dick I tell them bitches go long
All these super... you would think I'm go hard

All night, all night she on it
Dropping on that low, go on baby, go on baby
All night, I'ma throw these hunneds
Gotta keep it 100, you're... tight and I want it, oh yeah
That bum bum, I need that wet, wet
Turn around, now let me see it
That bum bum, I need that wet, wet
Turn around, now let me see it

All these hoes on me, I got that work, I'm known to streets
All my niggas, they talk that heat, they bout that bread, they sip that lean
When I was 17, I had me a truck, bitch in the back, backing it up
Now I'm so full, like I don't give a fuck
Throwing them bands off in the strip club
100k deposit, got me in a maserati, with a white girl named Haley
And she wanna fuck up that molly
Said wassup, jumped in my lap, pulled out a... pulled off my pants
But I don't pay for no pussy, just let these hoes hold that into the ass
Never tricking off, hitting till she cough
Going deeper till she lost in the sauce
Never tricking off, hitting till she cough
Doing 100 on the freeway, screaming motherfuck the law

All night, all night she on it
Dropping on that low, go on baby, go on baby

All night, I'ma throw these hunneds
Gotta keep it 100, you're... tight and I want it, oh yeah
That bum bum, I need that wet, wet
Turn around, now let me see it
That bum bum, I need that wet, wet
Turn around, now let me see it
