

Why

Chrishan

Right now sound
Baby

Don't pack your bags if you ain't leaving for good
You don't get to leave with my heart on your hook
Used to be like a fairytale, I could read it like a book
I would go and turn the page right back if I could
Tell me who is gone ride for you
Ten toes stay down for you
Even if I had it all and went bad I would die for you
These days you can't buy that
Believe me girl I tried that
If I could take money or love I wouldn't have a dime left
Save me these games

That you play when you say that it's different
How you lie to get what you need
I can't fight no more I'm poppin' out my seams
And here you go like the third time this week

Baby why would I come by
When everything we do is just a lie
You can make it right but you don't know
How to right your wrongs
I can tell, baby why would I
Why would I say hi
When I was good to you and you just put me to the side
You can make it right but you don't know
How to right your wrongs
I can tell, baby why would I

Eyes closed but I can't sleep
Tryna forget the last thing you said to me
Maybe I'm just in a bad dream
I'm three steps away from shut the door
Take all that bullshit with you
You'll never feel, what it's like to be right here

Cause you play when you say that it's different
How you lie to get what you need
I can't fight no more I'm poppin' out my seams
And here you go like the third time this week

Baby why would I come by
When everything we do is just a lie
You can make it right but you don't know
How to right your wrongs
I can tell, baby why would I
Why would I say hi
When I was good to you and you just put me to the side
You can make it right but you don't know
How to right your wrongs
I can tell, baby why would I
Why would I

Comin' right back
Comin' right back, yeah

Comin' right back, yeah
Why would I
M-I-N-N-E-S-O-T-A all day
All day
That's what we say
