

# AFFECTION

Chrissy Chlapecka

(Ah-hahaha, okay)

Haah

All of the pretty people dancin' on each other in the front

(The front)

I love the feelin' of their eyes on me, I give 'em what they want

(They want)

They wanna tease, they wanna please, don't wanna leave, they wanna show

(A show)

They wanna flirt, take off their shirt with someone that they wanna know

(To know)

They wanna kiss someone, with someone

Him, no, her, no, this the one

Anyone, everyone

Someone in here gettin' some

This party gettin' naughty!

Body on everybody

Kiss someone, lick someone

Show me your affection

Affection, show me your affection

Affection, show me your affection

She got her body on me, lovin' somebody else with her tongue

(Her tongue)

We're havin' too much fun to keep it to ourselves, need more than one

(Than one)

You say, "That's too much"

I say, "Not enough"

This is what I call

Love

They wanna

Kiss someone, with someone

Him, no, her, no, this the one

Anyone, everyone

Someone in here gettin' some

This party gettin' naughty!

Body on everybody

Kiss someone, lick someone

Show me your affection

Affection, show me your affection

Affection, show me your affection

Ah

Show me your affection

They wanna kiss someone, with someone

(Hey!) Him, no, her, no, this the one

Anyone, everyone

Someone in here gettin' some

This party gettin' naughty!

Body on everybody

Kiss someone, lick someone

Show me your affection

Affection, show me your affection  
Affection, show me your affection  
Affection, show me your affection  
Affection, show me your affection
